16. [REDACTED] LIAISON Called Richard Moose, Senate Foreign Relations Subcommittee, on Foreign Assistance, concerning Senator Hubert Humphrey's (D., Minn.) letter of 21 November regarding the Tad Szulc New Republic article. Moose said he actually had written the letter. I explained the sensitivities involved in the reply and he said he understood completely. He said it is difficult to get together with the Senator and wondered if we could meet with him (Moose) and go over the paper and then work out a time to see the Senator. I said this would be fine and Moose said he would be back in touch to set up a time to meet with him.

8. [] LIAISON I called Tom Smeeton, on the staff of the House International Relations Committee, to advise him that I would be dropping by later in the day to deliver the biographies he had requested. He mentioned that Representatives William Broomfield (R., Mich.), John H. Buchanan (R., Ala.), Larry Winn, Jr. (R., Kan.), and Dante B. Fascell (D., Fla.) have asked for a general briefing on the current situation in Lebanon and our views on what the future holds. After checking with [] OCI, I told him we could provide a briefing with the usual caveats of no attribution, no transcript, and held in executive session. Smeeton said he would get back to me with possible dates.

Smeeton said that the briefing he had requested on the relationship between the great powers would have to be postponed until after 1 January 1976.

I told Smeeton that we had discussed the matter of briefings and classified material with Marian Czarnecki, Chief of Staff of the Committee, who said that he was trying to control access to all classified material and asked Smeeton to touch base with Czarnecki when he had requests for briefings or classified material, which he said he would do, and thought it a good idea. I later dropped by Smeeton's office but he was in mark-up.

9. [] ADMINISTRATIVE - DELIVERIES
Delivered to the office of Representative Paul N. McCloskey (R., Calif.) the Director's prepared statement before the House International Relations Committee on the Sam Adams' allegations.

Y.), House Select Committee on his trip to Korea which contained some interesting material which could pose some problems. [] is writing a Memorandum for the Record on the meeting.

7. [REDACTED] LIAISON I gave a copy of the research study entitled, "The Political Implications of Modernization: The Brazilian Case," to Marian Czarnecki, House International Relations Committee staff. We also discussed the matter of the provision of classified material to various staff members of the subcommittees of the House International Relations Committee. Czarnecki said that he had discussed the matter with Chairman Thomas Morgan (D., Pa.) and it had been decided that where the material was minor in nature, such as classified biographies, that these could be provided directly to staff members requesting the same. But, if material requested concerned more significant documents or briefings, such requests should be run through Czarnecki's office for information and logging. Czarnecki requested that a document entitled, "Threat Analysis," be sent back to him for reading. Bob Hepworth, OCI, was advised and has already taken care of the matter.
